Date: 06/07/2021 **UPDATE**

To: Interested parties

Subject: COVID19 Impact Statement

With the successful introduction of a COVID-19 vaccination program and reductions in the number of affected individuals, we are seeing signs of a return toward normalcy in business.

Davis Aircraft will continue to comply with CDC and state regulations to ensure a safe workplace and environment for interested parties. In addition, we intend to maintain practices enlisted to sanitize and ensure clean air at our main plant operation.

For visitors to Davis Aircraft Products Co, Inc, we will continue to offer PPE masks to ensure your comfort and well-being into the foreseeable future. In addition, you will find a visitor policy posted for guests arriving at our place of business.

As such this will likely be the final update and word said on this matter for some time to come.

Thank you for your understanding and support throughout this event period.

Doug Davis – President

Davis Aircraft Products Co; Inc.
